Abstractions and Paradigms of Programming

Bachelor of Engineering , Computer Engineering

II nd Year IV th Semester

Maps in C++ STL

```
Main(){
Map<int,string>m;
m[13]="mahesh";
m[14]="manisha";
m[15]="mayank";
m.insert({16,"neeraj"});
Map<int , string>::iterator it;
For(it=m.begin();it!=m.end();it++)
Cout<<(*it).first<<endl<<cout<<(*it).second<<endl;
}
```
